TRAINING & CERTIFICATIONS

Flutter Developer Cohort Bootcamp BEKUP (Baparekraf for Startup) - Dicoding

Jul 2025 - Nov 2025

- Selected as a participant in a national Flutter mobile development upskilling program.
- Completed a 5-month intensive training covering Flutter, Dart, mobile architecture, and software development best practices.
- Collaborated on team-based projects using GitHub for version control and code management.
- Strengthened technical mobile development skills and professional soft skills for industry readiness.

Awarded 4th Best Capstone Project for presenting the application business model to representatives from Kemenparekraf and Kominfo during Demo Day.

Additional Online Courses:

- QA Manual Testing - Sanbercode
- Flutter Fundamentals - Dicoding
- Python Crash Course - Coursera
- SQL Fundamentals - Dicoding
- Git & GitHub Basics - Dicoding

PROJECTS & PORTFOLIO

KaloriN AI - QA Testing Project

- Created test scenarios and test cases covering authentication, onboarding, food search, meal tracking, and profile management.
- Performed functional, UI, negative, and exploratory testing to identify defects and usability issues.
- Documented defects through structured bug reports, conducted retesting, and prepared test summary reports.

WargaKita - Community Mobile Application

Technologies: Flutter, Dart, Firebase

- Implemented features including community event announcements, and peer-to-peer item lending requests.
- Contributed to authentication flow, Firestore database structure, reusable UI components, and collaborative Git-based development workflow.
- Awarded 4th Best Capstone Project during the final presentation session.

ORGANIZATIONAL EXPERIENCE

Lead of Event Organizer, Google Developer Group on Campus Widyatama

Sept 2024 - July 2025

- Led and executed 12 campus-scale events including tech talks, study jams, and soft skill sessions.
- Managed event planning, team coordination, budgeting, and on-site execution.
- Collaborated with cross-functional teams to improve event promotion and participant engagement.

Staff of Public Relations, Google Developer Group on Campus Widyatama

Sept 2023 - Aug 2024

- Managed community communication and member engagement for a student group community with 300+ active members.
- Handled formal email correspondence and certificate distribution processes for event speakers and participants.
- Built relationships and collaborated with external communities, organizations, and partners to support event promotion and networking initiatives.
